

Hydropower Projects – Japanese–English / English–Japanese Technical Translation Summary (FY2023–FY2026)

FY	Power Plant	Translation Type	No. of Items	Total Words	Main Document Types	Remarks
2023	Plant N	EN→JP	33	34,672	Strength calculation reports (turbine and generator components), Installation & Test Plan (ITP), hydraulic power unit design memo, MIV construction procedure	
2023	Plant N	JA→EN	1	197	Generator space heater capacity calculation report	
2023	Plant S	EN→JP	3	9,494	Draft tube liner calculation report, Kaplan runner calculation report, turbine shaft strength calculation report	
2023	Plant O	EN→JP	6	11,484	Tool list, ITP generator package (P1, P2), runner calculation report	
2023	Plant O	JA→EN	9	41,993	Turbine equipment installation specification, health & safety work procedure (upper draft tube), stator installation & test procedure	
2023	Plant I	EN→JP	1	2,522	ITP turbine package	
2024	Plant O	EN→JP	2	3,461	Transient analysis report, no-load saturation curve	
2024	Plant I	EN→JP	8	11,320	Generator foundation load characteristics report, stay ring strength calculation report, ITP generator package, hydraulic power unit design memo	
2024	Plant T	EN→JP	2	4,658	Transient analysis report	
2024	Plant N	EN→JP	3	6,733	Vertical shaft generator installation protocol, turbine-generator alignment procedure, AG generator test procedure	
2024	Plant S	EN→JP	4	5,978	Bearing/seal/piping/passage drawing, displacement mode test report, runner opening/closing time	
2025	Plant I	EN→JP	5	9,764	Embedded parts installation manual, Kaplan runner calculation report, blade FEA report, guide vane/operating ring (GV/OP) calculation report, turbine cover strength calculation report	
2025	Plant T	EN→JP	3	1,127	High-elevation installation procedure, HP unit assembly inspection procedure, HP inspection & test plan	
2026	Plant N	EN→JP	27	34,922	Wiring diagram, hydraulic circuit diagram (As-Built), DPT panel drawing, generator installation/test/commissioning documents, compliance report	
2026	Plant N	JA→EN	2	15,167	Air admission procedure, on-site test procedure (generator wet/dry test)	Large-volume project
2026	Plant S	EN→JP	1	427	Technical explanation report (rotary oil head leakage)	
FY2023 Subtotal			53	100,362		
FY2024 Subtotal			19	32,150		
FY2025 Subtotal			8	10,891		
FY2026 Subtotal			30	50,516		
Total			110	193,919	EN→JP: 98 items / JA→EN: 12 items	

Prepared: June 16, 2026
